

PH 4250 - SPECIAL TOPICS IN PHOTO MEDIA

Credits: 3

The senior portfolio review program is designed to provide graduating students an opportunity to present their work to a group of carefully selected faculty and photography professionals specific to the chosen emphasis. Through an advisory and evaluative process, students will receive a clear understanding as to the status of their work and its readiness in a post-graduation environment. Upon successful completion of this review process, students will have made important refinements to their portfolios, serving as a central marketing piece in their profession.

Prerequisites: Completion of 80+ credit hours

Notes: e.g. Chair approval for students with less than 80 credits.
