

FS 1350 - CONSTRUCTION II: DRAPING + DRAFTING

Credits: 3

This freshman-level course introduces the process of creating garments through draping. Students will learn to drape garments in order to create patterns through drafting and trueing. Upon successful completion of this course, students will have basic sloper/blocks for the purpose of creating patterns for their original fashion design concepts.

Prerequisites: FS 1310 - Construction I: Industry Sewing Basics

Course Learning Outcomes:	Exceeding	Meeting	Developing	Not meeting	Program Outcomes	Institutional Outcomes
Demonstrate basic design elements and fabric draping techniques resulting in a basic sloper set for flat pattern original designs.	Student work displayed an excellent degree of competence in basic draping techniques	Student work displayed a satisfactory degree of competence in basic draping techniques	Student work displayed a limited degree of competence in basic draping techniques	Student work displayed no degree of competence in basic draping techniques	FS4	Critical Thinking, Communication Competence
Transfer draped garments to flat patterns with the sloper pattern-drafting process.	Student work displayed an excellent degree of competence in transferring draping to flat patterns	Student work displayed a satisfactory degree of competence in transferring draping to flat patterns	Student work displayed a limited degree of competence in transferring draping to flat patterns	Student work displayed no degree of competence in transferring draping to flat patterns	FS4	Critical Thninking, Communication Competence
Complete assembly instructions and specifications for garment construction.	Student work displayed an excellent degree of competence in assembly intructions and specifications	Student work displayed a satisfactory degree of competence in assembly intructions and specifications	Student work displayed a limited degree of competence in assembly intructions and specifications	Student work displayed no degree of competence in assembly intructions and specifications	FS4	Critical Thninking, Communication Competence
Discuss fabrication choices and fabric type requirements.	Student work displayed an excellent degree of competence in fabric choices	Student work displayed a satisfactory degree of competence in fabric choices	Student work displayed a limited degree of competence in fabric choices	Student work displayed no degree of competence in fabric choices	FS4	Critical Thninking, Communication Competence
